Bayside, Long Island, New York

HEADQUARTERS FOR THE WORLD'S FINEST IRISES

(This cancels all previous quotations)

No less than 3 will be sold at the dozen rate. No less than 25 will be sold at the 100 rate.

The prices per dozen or per hundred apply only provided the dozen or 100 plants are of one variety and shipped on one order and not split up among two or more orders.

No order accepted for less than \$2.00 net.

Transportation is to be paid by the purchaser.

Terms: Net cash.

Where only one price is given, that is the price for any quantity. Where a price for 12 is given, but no 100 price, the 12 price is the lowest price for 12 or more.

Wholesale prices are regulated by the quantity of each variety available. On varieties of which stock is plentiful, I am able to make a low wholesale quantity price. Where stock is rare, the wholesale price reflects that fact.

ALL BEARDED IRIS (excepting a few high priced varieties of which only a few plants are available) will be shipped from my new farms in the famous Yakima Valley in the state of Washington, one of the most fertile valleys in the world, where I have found that I can grow *the finest Iris in the world*. YOU'LL BE AMAZED AT THE SUPERB PLANTS THAT I WILL SHIP YOU.

OTHER IRIS, such as Japanese, Siberian and all Beardless types, will be shipped from Bayside, Long Island. In these groups, none finer can be grown than those I grow here in Bayside, for Long Island soil is the most fertile in the East and especially suited to growing these types of Iris.

SHIPPING PERIOD

Tall Bearded Iris—July 15th to November

Autumn Flowering Iris—July 15th to November

Miniature Bearded Iris—June 1st to November

Crested Iris—June to September

BE SURE TO CONSULT THIS LIST BEFORE BUYING. YOU WILL FIND THE QUALITY HIGH AND THE PRICES LOW.

Free Service

Iris has been my life study.

I have grown thousands of varieties and know them all by their first names. I make it my business to keep up to the minute by testing new varieties in my own test gardens, where I always have hundreds of new varieties under observation. You may have the benefit of this experience if you wish.

IF YOU ISSUE A CATALOGUE LISTING IRIS, I WILL BE GLAD TO SUGGEST HOW TO IMPROVE THE IRIS LISTING. Your Iris list would have to be very unusual if I could not improve it 100% and double your Iris sales as a result of this improvement. I render this service annually; without charge, for many of the best organizations. Just send me a copy of your catalogue, and a request for this free service. It has proven highly successful to others and should be equally successful for you.

IF YOU ISSUE A CATALOGUE, BUT DO NOT LIST IRIS, ALLOW ME TO SUGGEST AN IRIS LISTING THAT WILL ENABLE YOU TO PICK UP SOME BUSINESS THAT YOU ARE NOT NOW GETTING. YOU NEED NOT CARRY A STOCK UNLESS YOU WISH, AS I CAN FURNISH THE PLANTS AS REQUIRED TO FILL ALL ORDERS.

INVEST IN THE MODERN IRIS AND WATCH YOUR MONEY GROW

IF YOU DO NOT ISSUE A CATALOGUE, but do a local business and would like to add an unusual collection of Iris that will bring many visitors and many new buyers to your gardens, I will be glad to suggest a collection suitable for your purpose. Such a collection may *immediately* be made to produce a profit, as I can furnish all plants to fill your orders while your own plants are propagating. The average increase is four each year for each plant. Divided each year, one plant should produce four plants at the end of the first year; these four should each produce 4 or 16 plants at the end of the second year; these 16 plants if divided should produce 64 plants the third year, 256 the fourth year, and 1000 plants in 5 years. Therefore it pays to start with good stock.
